Twenty-Third Annual Trade List

1926-1929

The growing of Chrysanthemums for planting stock has been our specialty since 1906. We give the most promising new varieties offered a trial, and in order to restrict our list eliminate such older varieties as we find surpassed by those of later introduction. We offer sufficient variety for a continuous supply of the different types and colors for all commercial purposes.

TERMS OF SALE

Prices quoted are for the trade only.

QUANTITY—Twenty-five of one kind will be sold at the 100 rate, 250 at the 1000 rate. Where less than 25 of one kind are wanted, we reserve the right to advance the price proportionately.

Orders from new customers must be accompanied by remittance or satisfactory reference.

TERMS—Cash, unless special arrangements are made for credit. All accounts are due 30 days from date of shipment. If unpaid, interest at the rate of one-half per cent per month will be charged.

Register all letters containing Cash.

PACKING CHARGES—When cash accompanies the order no charge for packing will be made if same is to the amount of two dollars (\$2.00) or over. On orders amounting to less than Two Dollars we reserve the right to make a reasonable charge for packing.

PARCEL POST CHARGES—On all charge orders actual postage will be added to the invoice. Paid orders should include postage at the rate of 10 cents for the first hundred cuttings, 4 cents for each additional hundred.

If you wish your parcel post shipments insured we will insure same at your expense according to the following standard scale: Value up to \$5.00 .03c; Value up to \$25.00 .05; value up to \$50.00 .10; plus regular postage, which should be included in your remittance.

All shipments are carefully packed to arrive in good condition at destination. Our local express is the American, which by the new ruling transfers to other companies without additional charge. For the past seasons about nine tenths of our trade went forward as Rooted Cuttings, by parcel post, which proved to be very satisfactory. There was practically no complaint with this service, especially when sent via "Special delivery."

All claims for damages must be assumed and entered against the carrier by the buyer, the shippers responsibility ceases upon delivery to such agents in good condition.

If shipments forwarded by express are delayed or arrive in damaged condition be sure to have your agent examine the shipment and sign for the extent of the damage and you will have no trouble to collect from the express companies for the same.

We would consider it a favor to be informed just how stock arrived and to what degree they are satisfactory or otherwise, and in case of any part of shipment not being satisfactory for other reasons than that caused by transportation same should be reported at once, for satisfactory adjustment, or returned to us at once.

NON-WARRANTY—It is our aim to satisfy our customers by sending good stock at a reasonable price. While we exercise the utmost care to make every shipment satisfactory and profitable to you and keep stock true to name, we give no Warranty, Express or Implied, on the same, either as to varieties or product, and we are in no way responsible for the crop. All orders Received will be Executed on these conditions only, and they must be accepted by the customers when ordering.

All orders filled in strict rotation and as soon as stock is ready.

We believe Early ordering to be of mutual advantage.

Prices given on newer varieties may be reduced later in the season, where stock and demand will permit.

For Plants from 2½ inch pots add \$1.50 per 100 Extra.

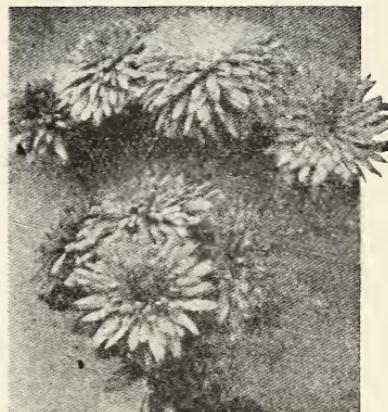

FLORISTS' WHOLESALE LIST

Of Best Varieties

Chrysanthemums

To Grow For Season

1929

Yellow Normandy

Stafford Conservatories

J. J. BRAUN, Proprietor

Stafford Springs, Conn.

It is generally more practical for the Grower or Florist to secure his requirements in Chrysanthemums as Rooted Cuttings, and our customers call for such more and more every season. Strong rooted cuttings are easily established and transported at less risk than Potted Stock.

We will pot up orders if desired and from June to the end of the planting season generally have around 100,000 in 2½ inch pots for belated orders.

Prices quoted throughout this list are for rooted cuttings.

CHRYSANTHEMUMS STANDARD VARIETIES WHITE

Listed in order of flowering

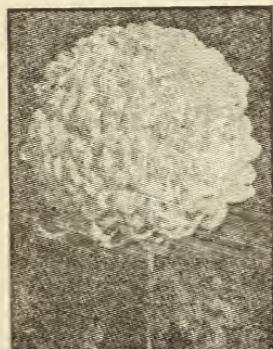

Smith's Advance. The earliest white. Can be had from August on, according to date of planting and selecting bud. Early May plantings can be had by end of August. Buds taken first week in August will mature mid September. \$3.00 per 100, \$27.50 per 1000.

Early Frost. A very early commercial white. Height 3 feet. Pure white flowers, perfect in form, and full to the center. Has Golden Glow habit to set early buds. \$3.00 per 100, \$27.50 per 1000.

Quaker Maid. (Baur-Steinkamp 1927). A large flower for so early in the season. Glistening white of incurved form with a good stem and fine foliage. Grows 5 ft. from early June planting. Best results from buds taken end of August which will mature first week in October. Terminal bud in early September gives good blooms but not as large or early. \$6.00 per 100, \$50.00 per 1000.

Polly Rose. Large Flowers, Dwarf habit. An old variety but still the favored white of many. Especially valuable where headroom is limited. \$3.00 per 100, \$27.50 per 1000.

Oconto. A strong grower with a sturdy stem, beautiful foliage and large incurved flower, maturing Oct. 15. \$3.00 per 100, \$27.50 per 1000.

Smith's Imperial

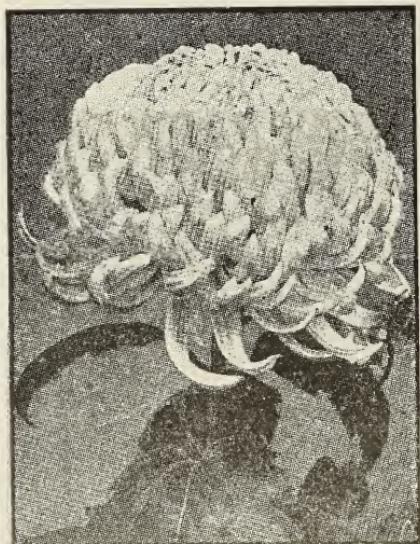

Smith's Imperial. A strong grower with dark glossy foliage extending up to the bloom. Short jointed rigid stem. Dwarf habit. Will produce 2 or more perfect flowers to the plant if planted early. Good from any bud after Aug. 25. \$3.50 per 100, \$30.00 per 1000.

Silver Sheen. (Smith-1925). Pure white, incurved form, maturing Oct. 20, to follow Smith's Advance. Has wonderful keeping qualities. We recommend this variety to those who do not like Oconto as a second early. Select bud Aug. 30. \$3.50 per 100, \$30.00 per 1000.

Betsy Ross. A large flower of perfect incurved form, clear white in color, with excellent stem and foliage. \$3.50 per 100, \$30.00 per 1000.

Chas. Razer. The most reliable white for early Nov. Bonaffan in form, but larger. Good stem and foliage. Very easy doer. \$3.50 per 100, \$30.00 per 1000.

White Chieftain. A sport from that well known variety. On first crown buds it shows a tinge of pink, later buds come pure white. Matures about Nov. 1. Bud Aug. 30. \$3.50 per 100, \$30.00 per 1000.

White Chieftain

Snowbound. (Baur-Steinkamp & Co.). A large incurved White. Fine stem and foliage. Maturing Nov. 1. \$3.50 per 100, \$30.00 per 1000.

Mefo. The loosely and irregularly incurved petals are very artistically arranged. Select bud Sept. 15th. Matures Nov. 15th. \$3.50 per 100, \$30.00 per 1000.

Wm Turner

Wm. Turner. Pure white, very large incurved. One of the finest of the large flowered Chrysanthemums. Also the greatest favorite for exhibition. \$4.50 per 100, \$40.00 per 1000.

White Prince. (Smith-1925) A massive glossy Incurved White. Maturing Nov. 1 5½ inches in diameter. 4 feet from June 20 planting. Date of bud Sept. 20-30. \$3.50 per 100, \$30.00 per 1000.

Edgar Stillman Kelly. (Smith-1926). In comparison with Betsy Ross is larger in size, stronger in growth. Color, Pure White. Matures Nov. 1. \$3.50 per 100, \$30.00 per 1000.

W. H. Chadwick. The standard late fancy white, slightly tinted with pink. For Thanksgiving or later. \$5.00 per 100, \$45.00 per 1000.

Improved Chadwick. The pure white sport of the well known W. H. Chadwick. Our strain of this variety is as good as any. \$5.00 per 100, \$45.00 per 1000.

Dec. Glory. An excellent commercial variety. Petals incurve throughout forming a perfectly spherical flower 6 inches in diameter. Fine stem and foliage. Height 5 feet from June planting. The best pure white for late flowering. \$3.50 per 100, \$30.00 per 1000.

White Seidewitz. Ours is a clear white sport of the well known Seidewitz. A valuable addition to the late white varieties. A tall grower and late planting or pinching is advisable where head room is limited. \$3.50 per 100, \$30.00 per 1000.

Chattanooga. (E. D. Smith & Co. 1927). Large pure white, with a good stem. Deep or high rounded flower of good substance, its lateness making it exceptionally valuable. Buds selected Sept. 20 will mature from Dec. on. Height 4 feet from June planting. ~~\$6.00 Per 100 \$50.00 Per 1000~~

December Beauty. Large white with light pink shading, more pronounced at center of bloom, best incurved form. Avoid early buds as the late ones give the best bloom. Height 3½ feet from June planting. Fully developed Dec. 10-15, continuing until Christmas and after from buds selected Sept. 30 to Oct. 10. \$5.00 per 100, \$45.00 per 1000.

Smith's Late White. (Smith-1926). A white of perfect globular form with heavy stem and foliage. Matures Dec. 15. \$5.00 per 100, \$45.00 per 1000.

Mistletoe. The latest incurved, blush white. Not ready to cut until December. \$3.50 per 100, \$30.00 per 1000.

On account of the scarcity of flowers generally prevailing during the end of Dec. and Jan., late plantings of the late flowering Chrysanthemums have proved profitable, especially for the retail trade.

STANDARD VARIETIES

Listed in order of flowering

PINK

Pink Mistletoe

Glory of the Pacific. Fine early dwarf grower. Best bud around Aug. 20. The standby early pink, especially where headroom is limited. \$3.00 per 100, \$27.50 per 1000.

Early Rose. Rose color, as the name implies, of a bright pleasing shade under all conditions of light. Form incurved, size six inches. Stem and foliage excellent. Dwarf habit, 2½ to 3 feet higt. Best bud Aug. 20 or later, producing fully matured flowers in six weeks. \$3.00 per 100, \$27.50 per 1000.

October Rose. (Baur-Steinkamp & Co.). Has made a hit with its large bloom for so early in the season. Color, Lavender Pink. Maturing Oct. 12. Terminal bud. \$3.50 per 100, \$30.00 per 1000.

Rose Glow. (Baur-Steinkamp & Co.). Clear even shade of bright pink which holds remarkably well as the bloom ages. A large bloom carried on a strong stem. \$3.50 per 100, \$30.00 per 1000.

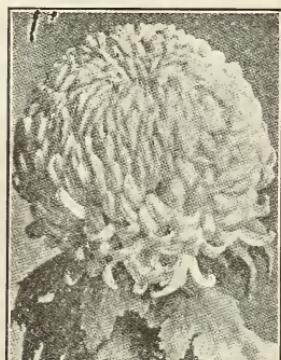

Pacific Supreme

Nerissa. Owing to its enormous size, fine form and finish, is conceded to be one of the best exhibition as well as commercial sorts. Color rosy Mauve. Strong, upright growth with rigid stem. \$3.50 per 100, \$30.00 per 1000.

Chieftain. Deep, clear pink, incurved. On the order of Major Bonaffan. Very fine mid-season pink. \$3.50 per 100, \$30.00 per 1000.

Rose Perfection. A seedling from Chieftain, and an improvement, being brighter and more constant in color. Like Chieftain, is an easy doer, similar in growth and foliage, maturing the first week of November. Best bud around September 10. \$3.50 per 100, \$30.00 per 1000.

Pink Turner

Cincinnatus. (Baur-Steinkamp & Co.). A pleasing shade of light lavender pink. Incurved. Strong stem and good foliage. Matures Nov. 10 and later. \$3.50 per 100, \$30.00 per 1000.

Pink Turner. (Mrs. J. Leslie Davis). A clear lavender pink sport of Turner. \$4.50 per 100, \$40.00 per 1000.

Frederick III. A large incurved bloom. Color, deep pink. Has same habits as the Chieftain family. Maturing Nov. 20. \$3.50 per 100, \$30.00 per 1000.

Rosa Raisa. A wonderful light rose pink of an even shade throughout, With perfect incurved form. Strong upright stem with foliage larger than the average. Matures Nov. 15, and can be had for Thanksgiving. One of the very best commercial varieties. Height 4½ feet. Select bud Sept. 20. \$5.00 per 100, \$45.00 per 1000.

**Edwin Seidewitz**

Edwin Seidewitz. One of the very best late pinks, a shade lighter than Enguehard, it being inclined to grow tall and never show a tendency of going blind. Late Planting is to be recommended. \$3.50 per 100, \$30.00 per 1000.

Andrew Schmidt. A sport from the well known variety, Edwin Seidewitz. Color, a deep shade of lavender. It is more solid and incurved and has a wonderful keeping quality. Matures Dec. 1. \$3.50 per 100, \$30.00 per 1000.

Pink Mistletoe. A pink sport from Mistletoe, in color somewhat resembling Rose Perfection. A most valuable late variety. \$3.50 per 100, \$30.00 per 1000.

For Plants from 2½ inch pots add \$1.50 per 100 Extra.

STANDARD VARIETIES

Listed in order of flowering

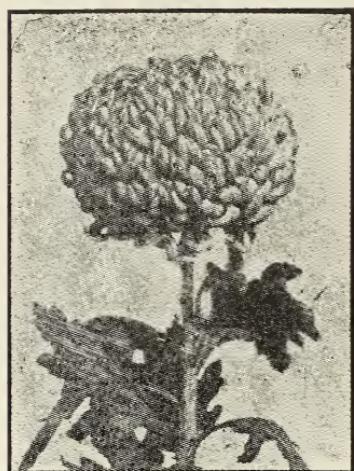

YELLOW

Golden Glow. Bright clear yellow, good stem and foliage. Flowers may be had from Aug. 15 to end of Oct. if planted in succession and first bud secured. Early May planting is necessary to produce August flowers. The standard earliest yellow. \$3.00 per 100, \$27.50 per 1000.

Yellow Polly Rose. Clear yellow sport of Polly Rose. Valuable where head room is limited and an easy doer. \$3.00 per 100, \$27.50 per 1000.

Golden Glow

Gold Lode. (Baur-Steinkamp 1927) A companion to Quaker Maid. Seedling from Comoleta, but much larger and 10 days earlier. Fine yellow with good stem and foliage. Growth and habit same as Quaker Maid and responds best to the same treatment. \$6.00 per 100, \$50.00 per 1000.

Golden October (Baur-Steinkamp & Co.). A rich golden yellow. Blooms Oct. 10, from early June planting, from terminal bud. \$3.50 per 100, \$30.00 per 1000.

Mrs. C. C. Pollworth. (Improved Chrysolora), decidedly more incurved and slightly deeper in color. \$3.00 per 100, \$27.50 per 1000.

Sun Glow. Early bright yellow of the Bonaffan type, maturing October 25. Fine stem with foliage extending to the bloom, producing a high percentage of perfect blooms. Select bud about Aug. 25. \$3.00 per 100, \$27.50 per 1000.

Mrs. C. C. Pollworth

Marigold. A most phenomenal and brightest yellow. Fully up to exhibition size. 9 inches in diameter. Maturing Oct. 15. Stem and foliage perfect. Height 5 feet from early May planting. Buds secured from Aug. 20 to 25th give best blooms. \$3.50 per 100, \$30.00 per 1000.

Coronna. (Baur-Steinkamp & Co.). A deep golden yellow. Incurved. Can be grown two or more blooms to a plant with strong stem and foliage. Matures Nov. 1. \$3.50 per 100, \$30.00 per 1000.

Yukon. (Baur-Steinkamp & Co.). A fine commercial yellow. Incurved. A good shipper. Maturing Nov. 1. \$3.50 per 100, \$30.00 per 1000.

Yellow William Turner. The yellow sport sent out by Smith is the variety we offer. It was selected by us from many sports of William Turner as being the brightest yellow. It is an excellent variety and ranks as one of the finest for exhibition. \$4.50 per 100, \$40.00 per 1000.

Golden Razer. The beautiful light yellow sport of Chas. Razer. Date of bud Aug. 20. \$3.50 per 100, \$30.00 per 1000.

Yellow Chieftain. A pale yellow of the Chieftain type. Bud Aug. 30th. Matures Nov. 1st. \$3.50 per 100, \$30.00 per 1000.

Richmond. Bright golden yellow incurved on the order of Bonaffan, which has gained reputation as a perfect commercial. This is best described as an early Bonaffan. Take bud Aug. 25. Matures early Nov. \$3.00 per 100, \$27.50 per 1000.

**Marigold**

Merida. (E. D. Smith & Co. 1927). A large incurved, bright yellow on the order of Celebration and Golden Eaton. Matures about mid November from bud selected the end of September. \$6.00 per 100, \$50.00 per 1000.

**Sun Glow**

Mrs. R. M. Calkins. (Smith-1926). A very bright yellow. As intense as the variety Marigold. Inner petals incurved. Matures Nov. 25 and later. \$4.50 per 100, \$40.00 per 1000.

Sunbeam. A seedling from Odessa, but of a brighter shade of yellow. Strong grower, attaining a height of 4½ feet from June plantings. Fully double from buds selected from Sept. 20-30. Matures for Thanksgiving and later. \$4.50 per 100, \$40.00 per 1000.

Adrian's Pride. It is as bright a yellow as Marigold, maturing November 20 to 30. Fully double from buds selected September 30th. Four feet high from June planting. Excellent stem and foliage; although not incurved, is of a perfect globular form. \$3.50 per 100, \$30.00 per 1000.

Mrs. Nellie T. Ross. (Smith-1925). Light yellow, possibly a shade lighter than that of Bonaffan. Its late flowering period, Nov. 30 into December greatly enhances its value. A wonderful keeper. Do not reserve bud until early October. Height 4½ feet. \$3.50 per 100, \$30.00 per 1000.

Golden Seidewitz. (See page 8).

Major Bonaffan. This variety is the Standard for commercial and still the most widely grown for mid-season. Can be had from early Sept. buds by the last week in Oct. and from later buds for Thanksgiving. \$3.00 per 100, \$27.50 per 1000.

Whittier. Similar to Richmond in bloom, a golden yellow of very fine finish. Much grown in place of Bonaffan. \$3.50 per 100, \$30.00 per 1000.

General Allen. This sport of Major Bonaffan is an improvement on that variety in that it is much larger in size and more robust in growth. \$3.50 per 100, \$30.00 per 1000.

Golden King. A beautiful yellow of the finest incurved form producing massive blooms, about the same shade as Adrian's Pride or Sunbeam. Maturing Nov. 15 to 25. At its best for Thanksgiving. Height 4½ feet. \$4.50 per 100, \$40.00 per 1000.

Clara B. Ford. (Smith-1926). A closely incurved yellow, much the same in form and color as Maj. Bonaffan. Bud Sept. 20. Matures Nev. 20. \$4.50 per 100, \$40.00 per 1000.

Gladys Pearson. (Smith 1925) A new shade for Thanksgiving use, maturing Nov. 20th to 25th. The upper surface of the petals is apricot and the reverse buff which illuminates under artificial light to be bright orange. In habit of growth and the finished flower it compares favorably with the Chadwicks. 5 feet from June planting. Best bud around September 30th. \$3.50 per 100, \$30.00 per 1000.

Golden Chadwick. When high-class blooms are the chief object this variety reigns supreme. Its rich yellow color, combined with good characteristics of the Chadwick's places it as one of the best late yellow varieties. Late plantings produce superior flowers from Thanksgiving to Christmas. \$5.00 per 100, \$45.00 per 1000.

Golden Mistletoe. A sport of the Mistletoe It is not a deep golden, but has more of the tints found in Nakota and Indian Summer and can well be recommended as one to be planted largely, it coming in at a time when there is a brisk demand for high grade flowers. \$3.50 per 100, \$30.00 per 1000.

STANDARD VARIETIES BRONZE

Listed in order of flowering

Bronze Unaka. A Clear and Attractive bronze sport of this popular early variety. Bud Aug. 5. \$3.00 per 100, \$27.50 per 1000.

George Baer. A bronze sport of the variety Early Rose. A creamy yellow intermixed with Ophelia and bronze shadings. Combined with the good characteristics of the parent, for which there is an increasing demand, make this the best early bronze on the market. Being of sturdy dwarf habit it is equally as good for pot work. \$3.00 per 100, \$27.50 per 1000.

Tints of Gold. One of the choice varieties for early October. A soft golden bronze. \$3.00 per 100, \$27.50 per 1000.

Greystone. Golden Bronze in color. A well formed flower. Is valuable for pot work and large specimens as well as a cut flower. \$3.50 per 100, \$30.00 per 1000.

Bronze Turner. Sport of the Turner family. In color a Buff-bronze with maroon shading on lower petals. Height 4 feet. Bud second week in Sept. \$4.50 per 100, \$40.00 per 1000.

Detroit News. A large Bronze incurved showing its golden reverse, then gradually reflexes. Bud Aug. 30. Matures Oct. 25. \$4.50 per 100, \$40.00 per 1000.

Barbara Davis. A seedling of Brutus. It is a rich shade of reddish bronze short jointed, inclined to be dwarf. \$3.50 per 100, \$30.00 per 1000.

Orange Queen. Color an even shade of Bronze, maturing for Thanksgiving. Bud Sept. 10th. Height 3 feet. from June planting. \$3.00 per 100, \$27.50 per 1000.

Golden Seidewitz. A sport of that well known variety Seidewitz. Color a soft even shade of golden bronze, maturing for Thanksgiving and later. Height 5 feet. Date of bud Sept. 5th. \$4.50 per 100, \$40.00 per 1000.

Gladys Pearson. (See top of page).

Indian Summer. A sport of Golden Chadwick. A yellow ground with intermixtures of terra cotta, salmon and bronze shades, making this an odd flower and especially valuable for artistic work. \$5.00 per 100, \$45.00 per 1000.

STANDARD VARIETIES RED

Listed in order of Flowering

Harvard. Japanese reflexed, very dark crimson; in perfection Nov. 15, and for the closing days of the football season. Best bud Sept. 5 to 10th. \$3.00 per 100, \$27.50 per 1000.

Cullingfordii. Medium size flower. Keeps its bright color for remarkably long time. Matures middle of Nov. and later. \$3.50 per 100, \$30.00 per 1000.

Prices given are for Rooted Cuttings.

For Plants from 2½ inch pots add \$1.50 per 100 Extra.

LAST SEASON'S INTRODUCTION

Rooted Cuttings below, \$2.00 per dozen, \$10.00 per 100.

Governor Green. (By E. D. Smith Co. 1928), whose description follows. A very large crimson with reverse of petals old gold. Heavy stem and wonderful foliage. The best flowers are from buds selected Aug 15, which are fully developed Oct. 15. This variety will be a strong competitor in the market with California grown stock. C. S. A. Certificate.

Crystal Queen. (By E. D. Smith Co. 1928), whose description follows: An early white which somewhat resembles Smith's Advance but is stronger in growth with heavy stem. Planted May 15th, buds selected July 15 to 20 were matured and cut September 23, producing flowers six and one-half inches in diameter. Height, four feet. C. S. A. Certificate.

Rose Marie. (By E. D. Smith Co. 1928) whose description follows: A very pleasing shade of pink, much the same as Smith's Enchantress. Buds reserved Aug. 5 to 15th are ready to cut by the end of September. In form same as Smith's Advance. Five and one-half inches in diameter and five feet tall from May 20th planting. C. S. A. Certificate.

Woolf's Pink. By E. D. Smith Co. 1928), whose description follows: A pink of perfect incurved form. The upper surface of the petals is violet pink and the reverse lighter, presenting a flower similar to that of Dr. Enguehard in color and form. Matures October tenth from buds selected Aug. 20, three and one-half feet tall from late May planting. C. S. A. Certificate.

Lavender Gem. (By E. D. Smith Co. 1928), whose description follows: A light lavender pink, six inches in diameter, maturing October 25. Is inclined to be tall in growth, hence ample stem is assured from late June plantings. Select bud early in September. C. S. A. Certificate.

Mauve Queen. (By E. D. Smith Co. 1928), whose description follows. Perfect incurved form, seven and one-half by five inches. Upper surface of petals purplish rose and the reverse side, which is most conspicuous, silvery gray. Inclined to be tall in growth which can be overcome by planting late in June.

Friendly Rival. (By E. D. Smith Co. 1928), whose description follows: (Dedicated to our esteemed friend, E. G. Hill, of Richmond, Indiana, who needs no introduction to the Florist's Industry). This we consider the finest yellow we have ever produced, considering its size, color, stem and foliage, and its flowering period, which is Thanksgiving and later. It is the brightest yellow of its season we know of.

Garnet King. (By E. D. Smith Co. 1928), whose description follows: We believe this the finest red yet produced, color, garnet with bluish black shadings and enhanced by a silken sheen so apparent in many red roses. Very slight contrast between the upper and reverse side of the petals and when fully developed is of the true reflexed type, retaining its remarkable color; either on the plants or cut; unto its end. Fine stem and foliage. Buds selected September 20 mature Nov. 20 to 30, and are six inches in diameter.

Miss Chicago. A fine White, in bloom Nov. 10th from terminal bud. Height 5 feet from early June planting. Fine stem and foliage.

Indianola. This variety will fill the demand for an early large flowered Bronze. Color a wonderful combination of old gold and bronze. 4 feet from early June planting. Take bud last week in August.

Lustre. (Baur-Steinkamp & Co.). Fine lavender pink companion for Quaker Maid and Gold Lode. Matures Oct. 10th. Bud last week in August. Height 4 feet from early June planting.

Golden Celebration. (Baur-Steinkamp & Co.). A yellow sport from Timothy Eaton on the color of Golden Wedding, but retaining the good habits of its parent. A good yellow for Thanksgiving trade.

Smith's Challenge. (By E. D. Smith Co. 1928), whose description follows: A superb white, maturing the last of November, of the best incurved form, much the same as December Glory, but larger. Very strong stem. Select bud Sept. 20. Height, four and one-half feet.

LAST SEASON'S INTRODUCTION OF POMPONS

Rooted Cuttings below, \$1.00 per dozen, \$6.00 per 100.

The description of these varieties are as given by the originators.

Pagosa. A late dark pink, in general character similar to Usona and Olivia, but darker pink, much the same as Thanksgiving Pink, and later than either. Not ready to cut until December 5.

Florence. (See cut on front cover). The best clear yellow decorative variety we have ever seen. A sport of Pauline Wilcox, originating with us in 1927, and in all other respects the same as this famous variety. Ready to cut November 5th, and can be grown to cut all during the month. A most valuable addition to that type.

Price \$2.00 per doz., 6 for \$1.25, \$12.50 per 100.

Lucinda. One of our best selling pompons. The color is a bright deep pink. Individual blooms are of the round, medium sized type. Produces fine sprays and plenty of them. Blooms Nov. 12 to 20.

Gold Mine. Very bright yellow, one and one-quarter inches in diameter and of the true pompon type, but of a high rounded form and too large to be included in the button section. Ready to cut October 25. Two feet in height. C. S. A. Certificate.

Orange Prince. Very striking orange in color, blending beautifully with reds and yellows. Three feet in height from early June plantings, ready to cut Oct. 25th. C. S. A. Certificate.

Little Truant. Owing to lateness, maturing in December, this name is applied. Bronze in color, much the same as Billie Burke, but smaller, not exceeding one inch. The latest of all the Baby or button section.

POMPONS SUITABLE FOR DISBUDDING

Ball of Gold. Very perfect in form, two and one-half to three inches in diameter, with stiff upright stem. Color, bright yellow, maturing November 5th to 10th, two and one-half feet tall.

Silver Ball. Very pure white and exceedingly perfect in form. It is much earlier than White Doty, being fully matured by October 12. C. S. A. Certificate.

HARDY EARLY

Tasvia. Very free flowering white, maturing October 1. Height 20 to 24 inches. This variety is unsurpassed in wealth of bloom by any in this section.

STANDARD POMPON VARIETIES WHITE

Rooted Cuttings: \$3.00 per 100, \$27.50 per 1000. Except where noted.

Irene. (Smith-1923). True pompon type. Color pure white. Upright. Wiry stems. Height 3 feet. Matures with Uvalda.

Uvalda. Early white pompon, maturing Oct. 15th, of the large flowering type.

Minong. (Smith). Pure white pompon when fully developed. Maturing Oct. 20-25. Very much on the order of Irene, but later.

White Lillian Doty. A pure white sport of the well-known variety, Lillian Doty.

Chicago Pearl. This variety has proved to be the finest white pompon we have ever grown. The bloom is almost ideal in form and is pure white in color. The general plant habit is good. The sprays are large and the flowers carried well apart. The season is Nov. 15 to 25. Rooted Cuttings, \$3.50 per 100, \$30.00 per 1000.

Mariana. A first class white pompon. It produces an excellent spray and is equally well adapted to disbudding to one flower. Ready to cut Nov. 1.

Nemo. A late White of the button type. Strong upright growth. Maturing Nov. 25. Rooted Cuttings, \$3.50 per 100, \$30.00 per 1000.

Yuletide. The latest white pompon, does not mature until Dec. 5 to 10. Height 3 feet from June planting. It is more satisfactory when the crown bud is removed and each lateral growth is disbudded, thus producing a spray with 5 to 8 flowers from 2 to 2½ inches in diameter. This variety is also an excellent Pot Plant. Everyone interested in late pompons should grow this one. \$3.50 per 100, \$30.00 per 1000.

STANDARD POMPON VARIETIES PINK

Rooted Cuttings \$3.00 per 100, \$27.50 per 1000, except where noted.

Niza. Delicate shell pink. Very valuable owing to its being the very earliest of its color. Matures Oct. 10. Medium-sized blooms; dwarf. Makes an excellent spray.

Leilah. A good early Rose-Pink. Resembles the Niza flower in form. Matures Oct. 10-15.

Eden. Early Pink. (See Hardy Early Varieties).

Padoka. (Smith). A very fine flowering baby pompon. Color, light salmon. Dwarf. Maturing Oct. 20.

Lillian Doty. The plant is a vigorous grower, producing beautifully formed shell pink flowers on very rigid stems.

Angelo. One of the best of the Pompon novelties. Light pink, on the order of Lillian Doty. It is also of the very best for pot culture, either disbudded or in sprays.

Western Beauty. A fine deep rose pink. Flowers are of medium size produced on straight rigid stems. Growth is medium which adapts this variety for pot culture as well as for cut sprays. Middle of Nov. and Thanksgiving.

Western Beauty

Usona. (E. D. Smith & Co. 1927). A bright pink variety for Thanksgiving. Very productive, with a strong upright growth. Height 2½ feet. \$3.50 per 100, \$30.00 per 1000.

Olivia. (E. D. Smith & Co. 1927). A variety very similar to Usona, but about 10 days later, and later plantings can be extended to Christmas cutting. This is one of the latest Pink Pompons. \$3.50 per 100, \$30.00 per 1000.

STANDARD POMPON VARIETIES YELLOW

Rooted Cuttings \$3.00 per 100, \$27.50 per 100, Except where noted.

Wolverine. (See Hardy Early Varieties).. Earliest yellow.

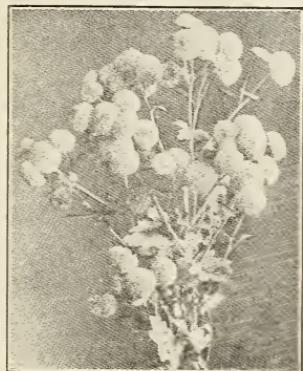

Yellow Normandi. (See Hardy Early Varieties).

Mitzi. Dwarf, very free-flowering, maturing Oct. 20. Flowers medium size, which are yellow, showing a red center during development. 18 inches high from final potting July 1.

Gilda. Bright orange, maturing Oct. 25. Exceptionally free flowering and very dwarf rigid growth, which makes it a good variety for pot culture.

Golden Climax. One of the most useful of the yellow button type pompons. It will grow 3 to 4 feet from early planting, but has a very wiry stem which well supports the deep golden yellow buttons. It has hard small foliage which will permit close planting. Very productive.

Cora Peck Buhl. Resembles Golden Climax in growth and form of flowers. Height 3 feet. Ready to cut Oct. 25th. \$3.50 per 100, \$30.00 per 1000.

Norine

Unalga. (Smith-1925). An intense yellow having large blooms, flowering down the stem. Maturing Nov. 20. \$3.50 per 100, \$30.00 per 1000.

Norine. (Smith-1925). seedling from Christmas Gold, same shade, but larger. Matures Nov. 20. \$3.50 per 100, \$30.00 per 1000.

Golden Sceptre. (Smith) A very bright yellow pompon of an intermediate size, and one of the very best of the later introductions. Maturing Nov. 25th.

Gold Coin. A very bright yellow and exceedingly productive. When grown in sprays, $2\frac{1}{2}$ inches in diameter, and $3\frac{1}{2}$ when disbudded. Matures Dec. 1st. and later. \$3.50 per 100, \$30.00 per 1000.

Christmas Gold. On the order of Golden Baby, but a much stronger grower. The little button flowers being a little larger and much brighter, set off by dark glossy foliage, makes an attractive spray. Its lasting qualities are exceptional.

Golden Nymph. Unquestionably the latest pompon known at the present time. Can easily be had for Christmas as it matures three weeks later than Christmas Gold. Belongs to the Baby or button type, producing flowers $1\frac{1}{4}$ inches in diameter. Color bright yellow. Height $2\frac{1}{2}$ feet. \$3.50 per 100, \$30.00 per 1000.

STANDARD POMPON VARIETIES

RED

Rooted Cuttings \$3.00 per 100, \$27.50 per 1000, except where noted.

L'Argentuilais. Deep chestnut in color. Very Early.

Firelight. Brilliant Carmine, shaded with scarlet. In perfect condition to cut Oct. 1, either outdoors or under glass.

Fire Bird. While not extra early this is one of the best early red we have seen, maturing the last week of Oct. Color, very bright; strong upright growth and productive.

Crimson Quintus. Excellent decorative variety; deep crimson, with splendid contrasting foliage of dark green.

Helen Hubbard. The best Crimson decorative grown. The lower petals are from 2 to $2\frac{1}{2}$ inches in length. The color is a rich velvety crimson, which does not fade. Growth is excellent.

Red Beau. (Baur-Steinkamp). A reddish bronze pompon. Has same habits as the variety Wilcox. Maturing Nov. 20. \$3.50 per 100, \$30.00 per 1000.

STANDARD POMPON VARIETIES BRONZE

Rooted Cuttings: \$3.00 per 100, \$27.50 per 1000, except where noted.

Adironda. The earliest Golden Bronze. Matures Oct. 15. True pompon type.

Anna L. Moran. The color is a bright bronze. The flowers are nicely divided on the stem without disbudding and the growth, foliage and stem are all that can be desired.

Bronze Doty. Deep terra cotta bronze, like both the foregoing varieties of the Doty family, it is also of splendid habit, stiff in stem and free flowering.

Pauline Wilcox. The form of the flower classes it as a decorative variety and it is the ideal decorative type. The stems are straight and strong and the flowers hold well apart. The color is a pleasing mixture of bronze. In bloom Nov. 5.

Source D'Or. Sometimes called "Golden Feather." A wonderful variety when grown in sprays or as a pot plant. A rich golden yellow with slight bronze shadings.

Felice. A pompon of exceptional merit. Color orange, very similar to that of Orange Queen. Height 2 feet. Matures November 12 to 20.

Becky McLane. A richly colored small pompon, coming into bloom for Thanksgiving.

New York. Coming into flower Nov. 1, this bronze, together with the below variety have been the most called for of any of the many sorts we have been growing. It is a seedling from Hilda Canning.

Louise Davenport. Button type, which is the true pompon. Rich bronze in color and very freeflowering. It is a wonderful producer, growing freely, and, with ordinary care and spacing, filling the bench with a mass of blooms. A favorite wherever shown. Matures Nov 10.

Betty Watkins. (A. N. Pierson, Inc.) The flowers are golden bronze, $1\frac{1}{2}$ inches in diameter and carried well upon strong, sturdy stems. This variety makes nice sprays. Ready for cutting November 15. \$3.50 per 100, \$30.00 per 1000.

New York

Frank Wilcox. Golden bronze of special merit, being a dwarf and sturdy growth it makes a fine pot plant and it is excellent for cutting, being at its best around Thanksgiving.

Hilda Canning. This reddish bronze, button type variety comes in bloom Nov. 15, and can be had at its best until Thanksgiving. Attractive in all stages and equal to the most productive variety.

Bucena

Lorraine Meech. Crimson, with a golden reverse. The petals curl just enough to show both colors, which gives a very pleasing contrast. In bloom Nov. 20-30.

Bucena. A light bronze pompon coming just at Thanksgiving time. Free flowering, and sturdy upright growth.

Rowenna. For Thanksgiving and later. The color is a medium shade of bronze. Strong growth. \$3.50 per 100, \$30.00 per 1000.

STANDARD ANEMONE CHRYSANTHEMUMS

Rooted Cuttings, \$3.00 per 100, \$27.50 per 1000. except where noted

Aniwa. Anemone, shell pink, with a cream colored cushion. Dwarf upright growth. Matures Oct. 10.

Pomona. An exquisite Anemone flowered. Form perfect, several rows of ray florets of the purest white with a well-formed cushion which is white, shaded to straw at the center. Excellent grown either to sprays or disbudded.

Blanche. The improved Garza. Color, white with cream center. A very attractive flower and a good grower.

Garza. The well-known white.

Yellow Garza. Yellow sport of Garza.

Berneita. A beautiful anemone, ray florets soft pink with a high rounded cushion, $2\frac{1}{2}$ inches in diameter. Matures October 25, and being dwarf habit is admirably adapted to pot culture, producing dwarf symmetrical plants which require no staking. Should be disbudded. \$3.50 per 100, \$30.00 per 1000.

Bellingham. Anemone, color a very delicate pink, ray florets with high rounded cushion. Matures Nov. 1.

The Chief. Light yellow, both ray and disc florets. Three inches in diameter with full rounded cushion. Maturing November 10. Three feet high.

The Belle. Purest white, both ray and disc florets. Maturing Nov. 10. Three inches in diameter. Fine in every respect.

Maple Leaf. Like the soft Maple leaf, the color is displayed in the various shades of red and yellow, changing from day to day as development progresses. High rounded cushion $3\frac{1}{2}$ inches in diameter. Two feet high. Maturing Nov. 10.

Chestnut. (Bronze Barza). Both ray and disc florets are an even shade of tan color. $3\frac{1}{2}$ inches in diameter. $2\frac{1}{2}$ feet high. Maturing Nov. 10.

Coed. A soft shade of pink with tinge of yellow at center of cushion, ray florets reflex more than usual. $3\frac{1}{2}$ inches in diameter. Three feet high.

Pink Lady. A bright pink Anemone, true to type. Medium size, strong stemmed. Comes in right for Thanksgiving day.

Eugene Languelet. A deep golden yellow much resembling the pompons, but is properly classified under Anemones, having the Anemone center with a double row of short petals. It comes in November so that it can be had for Thanksgiving.

Rose Royal. (Smith). Anemone, rather distinct in color, being a violet rose shade throughout. Maturing Nov. 15 Disbud.

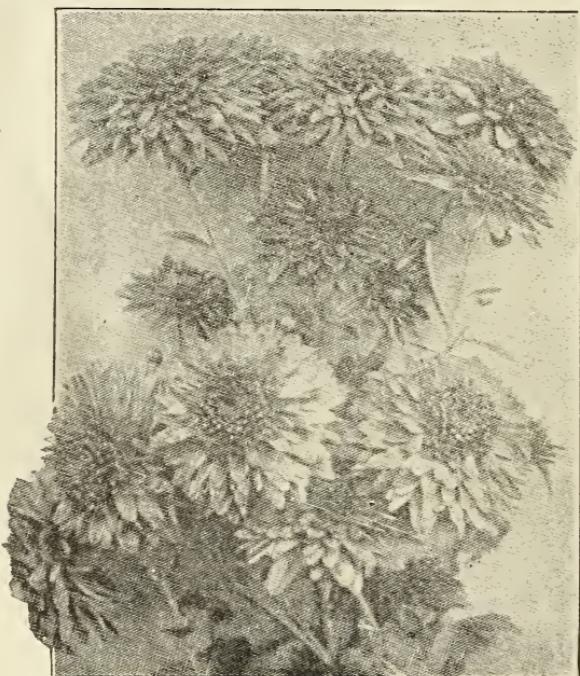

Adenlair. (E. D. Smith & Co. 1927). A large flowered anemone producing 4 blooms to the plant. 5 inches in diameter when disbudded. Shell pink with a creamy cast at center of cushion. Select buds about Sept. 10, which will mature Nov. 15th. Height 3 feet. Score 91 points. \$3.50 per 100, \$30.00 per 1000.

Golden Pheasant. (E. D. Smith & Co. 1927). This variety is equally good to grow to natural sprays or disbudded. Color, bright yellow with cushion slightly darker shade than the ray florets. A very artistic flower. Score 91 points. \$3.50 per 100, \$30.00 per 1000.

Princess Ileana. (E. D. Smith & Co. 1927). Of upright growth with strong stem and flowers of great substance. 4½ inches in diameter when disbudded—which is recommended. The 3 inch cushion is light yellow, the ray florets bright pink with a slight violet cast. Height 3½ feet. Buds selected Sept. 10 matures Nov. 10. Score 87 points. \$3.50 per 100, \$30.00 per 1000.

Natick. (E. D. Smith & Co. 1927). A dwarf Golden yellow anemone with a large full cushion. Matures Nov. 25th. \$3.50 per 100, \$30.00 per 1000.

Zetha. (E. D. Smith & Co. 1927). An exceptionally dwarf anomone, not exceeding 10 inches in height at maturity if pinched. Color a light bronze, about the size of Caprice. Matures Nov. 25. \$3.50 per 100, \$30.00 per 1000.

Sunshine Chrysanthemums

Sunshine. A Japanese Anemone. The individual flowers are a trifle larger than those of Garza. The rich golden center is somewhat more prominent and it has about five times the number of petals, thus making it a good shipper. The outer petals being several shades lighter. It is a most admirable flower either disbudded or in spray form. Being of sturdy growth it is ideal for pot work. Its keeping qualities are the best. \$3.50 per 100, \$30.00 per 1000.

Peter Pearson. (Smith). Anemone, with light pink florets and high rounded cushion of light yellow. Matures Dec. 1. \$3.50 per 100, \$30.00 per 1000.

SINGLE CHRYSANTHEMUMS

Rooted Cuttings: \$3.00 per 100, \$27.50 per 1000.

Alice Howell. An early single of exceptional form and habit. It is of a rich golden yellow which sells at sight.

Mary Pope

White Mensa. A pure white single, with a clear yellow center. Strong grower, medium height. Matures Nov. 15.

Golden Mensa. A yellow sport of Mensa, which is probably the most widely grown single.

Charter Oak. A clear bright yellow single variety which carries its flowers in large strong-stemmed sprays, bearing from three to five flowers each. The form and character of the flower spray is ideal and the late-flowering characteristic greatly enhances the value of this to the grower.

Mrs. E. D. Godfrey. A lovely shade of light pink. A very strong growing variety; late.

Miss Isabelle. A charming bronze with a silvery reverse to the petal, in habit same as E. D. Godfrey of which it is a sport. Comes in for Thanksgiving day and very useful for table work.

Margaret Waite. Deep pink sport of E. D. Godfrey.

CHRYSANTHEMUMS FOR POT CULTURE THE CAPRICE FAMILY

Rooted Cuttings of the below varieties \$3.50 per 100, \$30.00 per 1000.

- Caprice White
- Caprice Yellow
- Purple Caprice
- Caprice Deep Lilac
- Caprice Butlers

Caprice DuPrintemps
Kathleen Thompson

Gaston Quineaux, Brightest, glowing scarlet-crimson; very fine. Dwarf. Handsome grower, one of the very best in this section. Not a Caprice but the only crimson to be classed with this type.

For varieties suitable for pot culture the Caprice Family head the list: but where the large flowering types are desired, such varieties as White, Pink and Yellow Polly Rose, Early Rose, Glory of the Pacific, Yellow, White and Pink Chieftain, Barbara Davis, Greystone, and George Baer, will be found suitable.

Of Anemones, Pomona, White and Yellow Garza, Chestnut, Rose Royal, Chief, Maple Leaf, Pink Lady, Natick, Zetha, and Berneita, are best.

In Pompons we recommend Uvalda, Bronze, White and Pink Doty, Padoka, Bucena, Eden, Angelo, Normandie, Source D'Or, Mitzi, Frank Wilcox, Red Beau.

Among the singles, Mrs. W. E. Buckingham, Bronze Buckingham and Alice Howell are excellent for pot culture.

For Plants from 2½ inch pots add \$1.50 per 100 Extra.

HARDY EARLY FLOWERING CHRYSANTHEMUMS
Recommended for Outdoor Flowering

These are expected to mature their blooms early enough to avoid frost, but in our locality require some protection as we often have damaging frost in the end of September. All varieties are equally good for indoor cutting.

Wolverine. Very early, flowering early in August, ahead of Normandie, but individual flowers are much larger and stronger stem. Produces large sprays and is also an excellent variety for pot plants. Color, bright yellow.

Tasvia. (See page 11.)

Framfield White. Loosely built, pure white; semi-double. One of the earliest to flower.

Glory of Seven Oaks. Golden yellow, very early and free-flowering.

Eden. (Syn Mignon). Earliest rosy pink, medium height; excellent for cut sprays.

Normandie. Delicate pink, changing to nearly white. One of the earliest.

Yellow Normandie. A bronze yellow sport of Normandie, which is ample proof of its value.

Ruth Cummings. A reddish bronze seedling from Normandie. Is of dwarf compact growth, coming into bloom about Oct. 15. It is also very valuable for indoor growing.

Alice Howell. A rich shade of orange yellow in color. By far the most attractive of any of the yellow single varieties. Equally valuable for indoor or outdoor growing.

CHRYSANTHEMUMS

MEMORANDUM

Varieties to grow next year

Quantity

CARNATION—FIELD PLANTS AND ROOTED CUTTINGS

On our Rockwell Hill Farm we have an ideal field for the growing of Carnation plants and we expect to have a larger quantity of these to offer our patrons the coming season, than in the past.

We offer rooted cuttings of the following varieties up to May 15:

Aviator,	R. C. \$ 5.00 per 100
Ench. Supreme, Betty Lou,	R. C. 6.00 per 100
Johnson Crimson, Spectrum,	R. C. 6.00 per 100

We will have additional varieties to offer in Field Plants.

Early ordering is suggested.

Blanche

	Per 100		Per 100
